About

BIOCON is an annual international conference focused on industrial biotechnology.

Almetyevsk, Republic of Tatarstan (Russia)

November 11-13, 2024

Over three dynamic days, attendees will delve into cutting-edge research, engage in unforgettable interactions with the scientific community, all while being enveloped in the warmth of Tatar culture.

Our mission

1

To advance and enhance the biotechnology community in Russia and globally

2

To make science engaging and accessible

3

To provide opportunities for career advancement and a smooth entry into the scientific profession

ALMETYEVS

An aerial night photograph of Almet'yevsk, Tatarstan. The city is illuminated by streetlights and building lights. In the center, a large, modern building with a curved, illuminated facade stands out. To its right, a tall, dark skyscraper is visible. The background shows a dense urban area with many lights, and a river or canal is visible in the distance. The sky is dark blue.
